tion gave rise today to hopes that something might happen to avert the necessity of doing so.

The general feeling throughout Germany was, however, that only a miracle could prevent war, and another anxious day of waiting for a definite solution of the existing doubts as to whether the crisis would result in peace or war was passed by bankers, businessmen and the laboring classes, the latter of whom would have to bear the brunt of the burden in case hostilities should be decided on.

Meanwhile the German government put forth the greatest exertions to prevent the spread of alarming rumors and false news. It ordered the confiscation of four newspapers which had printed an erroneous report that mobilization had been ordered, and the authorities established the strictest censorship over news and other dispatches sent from Germany to places abroad.

Official quarters found in the Russian ukase calling out the army reserves a factor which greatly aggravated the situation and amounted in their opinion to a direct challenge to Austria-Hungary and Germany.

INCREASE STOCKS OF GRAIN.

Fear that in case of mobilization the German railroad system would be blocked for ordinary traffic caused a number of municipalities to take steps to increase the stocks of grain in the districts within their jurisdiction. The Berlin City Council commissioned a number of firms to purchase and bring in supplies of grain and flour, and many of the cities near the frontiers followed suit.

The financial markets reflected the general pessimism. Trading has been almost suspended, except for cash business and even this is listless.

Money is almost impossible to obtain, and it is known that at least twelve brokerages and banking firms are in difficulties.

American visitors, after at first treating rumors of war lightly, have begun to realize the gravity of the situation. Their German friends occupying influential positions have advised them to quit the country at once, as a mobilization order might tie up the railroads at any moment.

The report that the Grand Duke Ernest of Hesse is proceeding to St. Petersburg was semi-officially denied today. The Grand Duke is still at Wolfsgarten Castle.

PROHIBITS EXPORTS FROM GERMANY.

The German Federal Council issued a decree prohibiting exports of grain, flour, foodstuffs, meats, animal products, automobiles, trucks, motorcycles, petroleum, coal tar and coal oils. This goes into effect immediately.

The step taken by the Federal Council, whose members represent the rulers of the Federated States composing the German Empire, was said to have been necessitated by the heavy exports of the last few days reported by the Chambers of Commerce. It was semi-officially announced that the matters dealt with by the Federal Council were of secondary importance.

VATERLAND STAYS AT NEW YORK.

HAMBURG, July 31.—Besides suspending the sailing from Hamburg of the Imperator it was reported today that the Ham-

OAKLANDERS IN PARIS.

Mrs. C. C. Clay who has been in Germany for several months has gone to Paris, where other well known Oakland people are, Mr. and Mrs. M. G. Goodall, Smith, Miss Hattie Porter, Miss Sylvia Searby, Miss Charlotte, Miss Georgia and Miss Helen Playter, John Havens and Miss Ethel Robinson.

Dr. and Mrs. James Lyman Whitney (Elizabeth Goodrich), are with the latter's brother-in-law and sister, Mr. and Mrs. Maurice Leon in Paris. They have had to abandon their plans to go to Vienna.

Mr. and Mrs. Frank Kendall and Miss Judith Kendall are also awaiting developments in Paris. They had planned a tour of Italy but were obliged to abort it when foreigners were advised to remain out of Italy. The Kendalls were to return in October but they may be among the involuntary exiles in Europe for several months. Mrs. Kenneth Lowden, the daughter of Mr. and Mrs. Kendall has received word that they are uncertain when they will sail for home.

LEAVE GERMAN DOMAIN.

Mr. and Mrs. Harry East Miller, Mrs. D. R. Fairbanks, Miss Fay Fairbanks of Berkeley, Mrs. Theodore Leydecker of Alameda, and Miss Esther, daughter of Mr. and Mrs. L. S. Church, are among the Americans who have left Germany since the order for foreigners to leave the Kaiser's domain was issued. They were visitors in Berlin and at the German Spas.

Mr. and Mrs. Vernon Waldron, Miss Evelyn Waldron and Miss Charlotte Cockcroft had completed a tour of Ireland at last accounts and were en route to Brussels. From Belgium they were going to Switzerland where Miss Waldron and Miss Cockcroft have received no message from the travelers, but it is believed they may follow their present plans and remain in Switzerland for a time.

Mr. and Mrs. Virgil Jorgensen (Florence Orr), left last week for Paris to remain two years. They will follow their present plan if possible. Baron and Baroness Van Eck (Agnes Tillman), are at The Hague, but will hasten their return to the United States.

SCHILLINGS IN NORWAY.

Mr. and Mrs. August Schilling with Miss Ethel and Miss Edna Schilling left Germany recently for a tour of Norway and at last accounts were in the remote northern country, well removed from the war center. Their son, Rudolph Schilling stated today that they had planned to return to America in November, and it is probable they will go to London instead of attempting further travels on the continent.

burg-American line had also ordered the Vaterland to stay at New York and await the developments of the international situation. The other Hamburg-American liners, however, will continue the service. Shipping to Baltic ports has been entirely suspended.

WIRELESS RECALLS SHIP FROM SEA.

NEW YORK, July 31.—The President Grant of the Hamburg-American line, which sailed from this port yesterday, has been recalled by wireless.

CANCEL SAILING OF IMPERATOR.

LONDON, July 31.—The Hamburg-American Steamship Company announced that the sailing of the steamer Imperator from Hamburg today has been cancelled.

The Hamburg-American Company sent notices to the 800 first-class passengers waiting here for the Imperator that the company had been compelled to postpone the sailing of the vessel owing to the clouded political situation. The passengers of whom about 80 per cent are Americans returning from European trips, have been left by the company to make their own arrangements.

SWISS CALLED TO ARMS.

BERNE, Switzerland, July 31.—The Federal Council today ordered the mobilization of all men between 20 and 45 years of age capable of bearing arms.

AMERICAN STOCK EXCHANGES CLOSE.

SAN FRANCISCO, July 31.—The Stock and Bond Exchange here was closed today.

CHICAGO, July 31.—The Chicago Stock Exchange will be closed today.

BOSTON, July 31.—The governing board of the local stock exchange decided not to open the exchange today.

PHILADELPHIA, July 31.—Following the decision of the New York Stock Exchange not to open, the Philadelphia Exchange will remain closed.

PITTSBURG, July 31.—The Pittsburgh Stock Exchange was closed today until further notice.

NEW ORLEANS, July 31.—The New Orleans Cotton Exchange closed today until further notice.

This was the first time in history the exchange was closed during a session. Violent fluctuations shook the market from the outset. There was a range of 120 to 134 points and when trading ceased prices were 69 to 70 points down.

BALTIMORE, July 31.—The Baltimore Stock Exchange was closed today until further notice.

ST. LOUIS, July 31.—The stock board of the Merchants' Exchange of St. Louis was closed today, but it was announced the grain exchange would be open.

WAR BULLETINS

PARIS, July 31.—The French cabinet council assembled this afternoon, and decided to adjourn until 10 o'clock tonight.

LONDON, July 31.—The Bank of England today increased its rate of discount to 8 per cent.

ALLENSTEIN, Germany, July 31.—A Russian spy was arrested here today. He is said to belong to the St. Petersburg military intelligence department.

LONDON, July 31.—A Central News dispatch from Paris says telephonic communication between France and Germany has been interrupted since 4 o'clock this afternoon.

NEW YORK, July 31.—The North German Lloyd steamship line announced that some of its steamers would sail from New York until further notice.

BERLIN, July 31.—Crown Prince Frederick William of Germany was today appointed to the command of the first division of the Imperial Guards army corps.

ST. PETERSBURG, July 31.—The Emperor of Russia today gave an audience to the German ambassador and subsequently presided over a full council of ministers attended by the chief of the army general staff.

PARIS, July 31.—La Province of the French Trans-Atlantic line was requisitioned today by the French minister of marine for the service of the republic. She is to be armed at once and therefore has been withdrawn from the Trans-Atlantic service. The France, which is not an auxiliary cruiser, will sail Tuesday.

ST. PETERSBURG, July 31.—The mail train for Germany will not leave St. Petersburg tonight and the line of boats running to Stockholm, Sweden, has been stopped.

BRUSSELS, July 31.—The German imperial railway administration informed the management of the Belgian state railroads officially that all international trains into Germany had been suspended.

LOS ANGELES, July 31.—The Los Angeles Stock and Bond Exchange was closed today.

ATHENS, Greece, July 31.—The Montenegrin royal yacht Deglar was almost captured today by the Austrian fleet blockading Antvart. The yacht was approaching the port, but when she sighted the blockading fleet turned and fled. She was pursued by Austrian destroyers, but arrived safely at Corfu.

COPENHAGEN, July 31.—The bank rate here is to be raised to 6 per cent tomorrow.

BERLIN, July 31.—All dispatches refused by the authorities as objectionable are now being returned to the senders and a rigid censorship on telegrams to all parts of the world has been put into operation.

BANK RUN DIMINISHED.

BRAZIL, July 31.—Upward of 10,000 people besieged the national bank this morning to withdraw their balances, but by midday the run had greatly subsided.

day at a moment when pessimism had taken possession of all Europe. The hope that it might lead to a peaceable solution was scrapped with despatch, but the news was offset later by the proclamation of martial law in Germany, which was regarded as a preliminary to the mobilization of the German forces for war. Everybody then seemed to settle

great European powers have decided to engage in a struggle for supremacy. There was nothing to give the public hope that a general war might be averted.

CREDIT SYSTEM FAILS.

The Stock Exchange in London and the big provincial cities, as well as those on the continent, were closed, owing to the breakdown of the credit system, which was made complete by the postponement of the Paris settlement. This, it was pointed out, would necessarily be followed by the failure of some 50 members of the London Stock Exchange.

The precautionary military and naval measures taken by the British government are almost completed. The prevailing public opinion here is determined that England must observe her unwritten obligations to assist France in her difficulties with Germany, but a small body of radicals continues to utter objections to England's involvement in the quarrel of the continental powers.

DETAILS OF BATTLES LACKING.

Dispatches from Nish, in Serbia, and from Vienna told of encounters between Austrian and Serbian troops on the frontiers, but authentic details of the fighting were lacking. It seems certain that conflicts between the frontier guards have occurred, but military men here point out that stories of fighting with heavy losses such as that said to have occurred at Fatcha are absurd, as it would be impossible for the Serbians in the time at their disposal to cross the Drina and advance 20 miles within Austrian territory.

It is also argued that the announcement that 500,000 Austrian soldiers were on the march into Serbia is practically incredible. It is said that Austria cannot have 500,000 men on the move in less than six weeks.

UNABLE TO BOOK PASSAGE.

Americans visiting Europe received a shock today when it was announced that the sailing of the Imperator from Hamburg for New York had been cancelled, owing to the unsettled situation. There was a rush to steamship offices to endeavor to book passages, but few or none were to be had, as all the ships were filled to capacity until the middle of September.

Businessmen to whom it was imperatively necessary to get back to America offered premiums for berths, but even then could not get the lucky possessors to give them up.

POPULAR ENTHUSIASM IN VIENNA SHOWS NO SIGN OF ABATEMENT

VIENNA, July 31.—Popular enthusiasm in connection with the war against Serbia shows no signs of abatement. An appeal for Red Cross nurses today was made by an immediate response from 1000 women and girls belonging to all classes. Archduchess Marie Theresa applied to Emperor Francis Joseph for permission to be enrolled as a Red Cross nurse.

The police authorities have forbidden the publication of extra editions of the newspapers and even the regular editions have not been permitted to refer to the occupation of Belgrade, which is still not generally known. The Austrian plan of campaign, it is understood here, is to attack Serbia chiefly by way of Bosnia, while the armies on the Danube in the north simply occupy positions and remain temporarily inactive.

DETAINS TRAINING SHIP.

YUJUIDEN, Holland, July 31.—The commandant of the fortress here detained the Austrian government steamer Arod, when she arrived here today from Flume by way of Algier. She had on board 31 cadets from the Austrian navigation school undergoing training for the navy. The commandant asked the government for instructions and in the meantime placed a military guard on board the vessel.

U. S. OFFICERS SUMMONED.

GENEVA, July 31.—Several American naval officers on leave in Switzerland were recalled today on orders from Washington. The Swiss government has ordered a partial mobilization and the troops are ready to defend the neutrality of Swiss territory.

U. S. CONSULAR INSTRUCTIONS.

WASHINGTON, July 31.—American consuls throughout Europe soon will receive instructions to get into close communication with all American residents and travelers in their districts. If a general war breaks out they will serve notice that Americans should remove themselves and their property from localities which may become dangerous.

There has been some discussion of the possibility of using American

naval vessels to supplement the limited number of ships in the American merchant marine to bring home Americans.

NEW ZEALAND LOYAL.

Eleanora Sears Engaged? Is Question

Newport Society Is Busy With Latest Morsel of Gossip

NEW YORK, July 31.—The gossip of Newport society are once more busily speculating on the possible engagement of Eleanora Sears. For the last few days rumor again has linked the name of the most original girl in society with that of Harold Vanderbilt, son of Mrs. O. H. P. Belmont. Miss Sears has been the guest of Mrs. Belmont at Marble Palace, Newport, and was seen so frequently riding, driving, motoring and sailing with Harold Vanderbilt that friends of the two began to look for an announcement of their engagement. The fact of Miss Sears' passing, however, without any announcement, although Mrs. Belmont, who was asked whether her son was engaged, refused to give out a formal denial.

Society is intensely interested in Miss Sears and her sparkling exploits. She is probably the most generally known girl in Newport and Burlington as it is in Boston and Newport. Rumor has repeatedly engaged her to some scion of wealth or celebrity. Not so long ago her name was linked romantically with that of Alexander S. Cochran, owner of one of the America's cup defenders.

The fascinating Miss Sears, or Eleanora, as she is known to her intimates, has figured in many rumored engagement stories that her friends believe the real story is about to be.

MRS. MICHAELS GONE: BIRDS DESERT HOMELAND.

The sparrows in Powell street and in Union Square adjoining are the charges of Mrs. Leopold Michaels, residing at the St. Francis when she is in the city. But Mrs. Michaels is in Europe and Gus Johnson, the tall condeger of the hotel, is sponsor for them during her absence.

For many months Johnson, at the request of Mrs. Michaels, fed the sparrows. Recently his vacation came. When he departed he left instructions about the sparrows with his substitute. The substitute forgot.

Johnson returned to find the sparrows gone, so he made a heavy investment in the grain market and now the sparrows are coming back.

When Mrs. Michaels returns Johnson hopes the whole flock will again be chirping under the windows of the St. Francis.

OHIO WOMEN TRYING AGAIN FOR SUFFRAGE.

COLUMBUS, Ohio, July 31.—Starting their second campaign for woman's suffrage, Ohio suffragists invaded the State house yesterday and placed on file initiative petitions for the submission in the November election of a proposal to amend the constitution so as to give women the right to vote. A proposed suffrage amendment was defeated in September, 1912.

Secretary of State Graves was busy in his private office when the women arrived and he sent word he could not see them. Mrs. Harriet Taylor Upton, president of the Ohio Suffrage Association, criticised the secretary and other State officials in an address at a rally which followed the delivery of the petitions.

EVELYN NESBIT THAW LOSSES DIVORCE SUIT.

PARIS, July 31.—By the irony of fate, Mrs. Stanford White and Mrs. Evelyn Nesbit Thaw are passengers on the same Olympic which sailed for New York yesterday. In the latter's party are Miss Margaret Leveridge and Jack Clifford.

Mrs. Evelyn Thaw is greatly disappointed because she could not obtain a divorce in Paris. On taking legal advice she found the French courts could grant her a divorce only if Harry K. Thaw established a legal domicile here. She counseled herself with a couple of gay months and a successful season of dancing at the Folies Marigny.

GOTHAMITES STILL DON ULSTERS AND EAR MUFFS

NEW YORK, July 31.—A brisk northeast that brought autumnal weather yesterday was still in evidence today and the government forecaster predicted that July would end with a record far below normal temperatures.

The temperature at 11 o'clock last night dropped to 58 degrees, and as a consequence 450 persons applied to the municipal lodging-house for shelter. The temperature yesterday was 67 degrees at 3 p. m., or 25 degrees lower than July 30 last year. Overcoats continued to be worn last night and straw hats appeared out of season.

CONSPIRACY CHARGED.

CHICAGO, July 31.—Indictments charging conspiracy to extort money were returned against Roy Tangney, business agent of the Machinery Movers' Union and Christopher Dunne, business agent of the Van Drivers' Union. They were accused of conspiring to extort \$250 from Marshall Brothers Teaming Company to settle a strike which Tangney had called.

QUESTION CONSTITUTIONALITY.

WASHINGTON, July 31.—The constitutionality of the surtax imposed by the new Federal law on incomes over \$20,000, was raised in a case docketed today in the Supreme Court by John F. Dodge and Horace E. Dodge, district automobile manufacturers. Two cases already before the court complain of the invalidity of other features of the law.

INDIANA PROGRESSIVES PLEDGE AID TO G. O. P.

INDIANAPOLIS, July 31.—More than 100 men who voted the Progressive ticket in 1912 held a conference here yesterday, declared their allegiance to the Republican party and issued an appeal to men of all political parties to join them in support of the Republican ticket this year.

Every section of the state was represented at the conference, and many of those in attendance were active in the leadership of the new party two years ago.

In the appeal that was issued it is declared that there were reasons in 1912, "which we deemed sufficient whereby thousands of Republicans voted other tickets. These reasons no longer exist. The organized protests against methods and men, but not against principles, was effectual. The purpose of the third party is accomplished."

PEONAGE, CHARGE.

GUTHRIE, Okla., July 31.—Charged with holding negro boys in peonage, James and Andrew Williams, farmers were arrested today by United States Marshal Newell. It is charged that Williams had shipped to them thirty-five negro boys from Charleston, S. C., who it is alleged were worked as slaves on a Kay county farm. Last week one of the boys escaped and informed the officers. Three others who attempted to escape, it is said, were captured and received beatings which may result fatally.

NEW SUBMARINE MINES TO GUARD U. S. COAST

NEW YORK, July 31.—The annual service test of marine mines for the Sandy Hook mine command was concluded yesterday off Sandy Hook. Four mines were exploded and four hits were scored by the mine command companies.

Each mine contained 100 pounds of trolol, the new explosive recently adopted by the War Department, and which is considered by army experts the most powerful as well as the safest explosive known.

Columns of water containing fragments of the targets were thrown upwards to heights of 200 to 300 feet, making a magnificent spectacle. Upon subsiding, thousands of fish stunned by the explosion floated upon the surface of the water, and swarms of fishermen hastened to take advantage of this means of gathering a good catch.

KAHN'S GREAT NEW STORE opened its doors just one year ago. Our first year's business in our new location has been the most successful in the history of Kahn Bros.

TODAY KAHN'S is a wonderful store—a city in itself within the half a hundred departments. OUR PROGRESS HAS BEEN THE MARVEL OF THE COMMERCIAL WORLD.

The **VOLUME** and **VARIETY** of merchandise is unequalled in the West, and because of our **LARGER** buying, **GREATER** selling, and **BETTER** values, we have won the **LARGEST BUSINESS** in the city of Oakland today. We are proud of our growth (why pretend otherwise?)—but we are most proud of what it stands for.

LARGEST STORE in Oakland
KAHN'S new store is the largest in the city—one of the three largest on the coast. The store has five entrances on three of Oakland's leading business streets. More street cars stop at Kahn's than any other store in Oakland.

Fireproof Construction
KAHN'S NEW STORE is Fire Proof and Earthquake Proof. It is steel and from the basement floor to the tip of the great dome, protected with self-acting automatic sprinklers. It's the safest store in Oakland.

Best Lighted Store in the West
KAHN'S GREAT CRYSTAL DOME is the largest elliptical dome in the world. Through its crystal panes a flood of light streams with unbroken freedom to every floor.

Delivery System Greatest in Oakland
KAHN'S DELIVER more packages than any other store in Oakland. Nine fast Auto Delivery Trucks cover Central Oakland and Piedmont three times daily. Berkeley and Alameda two deliveries daily, and outlying districts one delivery daily.

Fifty Complete Departments
KAHN'S DEPARTMENTS number half a hundred—and are open every business day to supply everything that women and children wear, furnishings for men and most household necessities.

Accommodations to Customers
KAHN'S Rest Room is in charge of a Trained Nurse at all times. Telephone booths on second floor—Children's Playroom, third floor—Exchange Desk, first floor. Ample elevator service—all for your convenience.

Oakland's LOWEST PRICES
KAHN'S VALUES are the best in Oakland—ALWAYS. One of the first mercantile lessons we learned was the wisdom of saving money for our customers.

Unexcelled Store Service
KAHN'S STORE SERVICE is courteous, intelligent and painstaking. We aim to satisfy everyone who comes to our store—and make shopping pleasant and safe.

JOB AND VOCATION

WASHINGTON, July 31—"One of the most vital services vocational guidance can render is to analyze our industries and train our youth to distinguish between a vocation and a job," said the Federal board of education today in a

statement on vocational guidance and child labor. The statement indicates that the present movement for practical education finds greater stimulus from the industrial rather than from the educational side.

boys between 14 and 16 years of age in New York city a vocational survey, including an analysis of the work they are doing, showing according to the bureau, but five of them with an opportunity for advancement improvement. The other 36 are in hopeless positions. The bureau says that a study of the other contribution of city schools to the business interests of the community shows a considerable percentage thrown

into the discard within the first month, that another large percentage goes drifting from job to job sometimes advancing quite as frequently receding, the industries complaining that the children the schools turn out are no good and that youthful idealism in the various meaningless jobs to which they are assigned.

ROOSEVELT TO STUMP AGAINST "UNCLE JOE"
SPRINGFIELD, Ill., July 31.—The voters of Illinois face the tremendous task of passing on 2000 candidates for state offices at the September primary. It was estimated last night that this number of petitions for places on the ballot will be filed before the lists are closed today. Up to midnight 1500 petitions had been filed.

MRS. STANFORD'S NIECE NAMED IN LAW SUIT
NEW YORK, July 31.—Mrs. Almes Lathrop Hanson, niece of Mrs. Leland Stanford, was named in a law suit yesterday for \$100,000 damages for alienating the affections of her son, Walter L. Hanson, from his wife, Mrs. Henrietta Reutli Hanson.

NEWS MAGNATE DEAD.
SAN FRANCISCO, July 31.—T. C. Brown, president and principal stockholder of the Brown News Company, which operated on more than 20 railroads, including the Southern Pacific, died at his home in Kansas City from pneumonia on July 22, eight days after leaving this city on a recent trip to the Coast. Two years ago Brown obtained the contract on the Southern Pacific, succeeding the Denison News Company. He was 60 years of age. A widow survives him.

BRYAN DEFENDS COLOMBIAN PACT

He Reiterates His Argument
Drawn by Roosevelt's Hot
Criticism.

WASHINGTON, July 31.—A second formal statement in defense of the proposed Colombian treaty was issued last night by Secretary Bryan. Without mentioning the name of Roosevelt, Bryan replied to arguments advanced by the former President in his attacks upon the administration's proposal to pay Colombia \$25,000,000 in settlement of claims growing out of the separation of Panama and the United States.

Reiterating his declaration that in considering the treaty it is not necessary to examine into the merits of the controversy over the action of the United States in 1903, the Secretary urged that even if the United States, in acquiring the canal zone, was exercising a right of eminent domain, it was not relieved of liability for actual damages resulting to Colombia.

Colonel Roosevelt recently asked the Senate Foreign Relations Committee to hear a statement from him before reporting the pending treaty. Chairman Stone replied if the committee decided to pass upon the convention at this session it would be glad to hear from the colonel, but the general understanding is that the matter will go over until December.

Secretary Bryan's statement last night follows:

NOT HISTORICAL.

"In considering the treaty with Colombia, laid before the Senate for ratification, it is not necessary to examine into the merits of the controversy relating to

the action of the United States in 1903. The present treaty deals with the situation as it presents itself today and is fully justified, no matter what theory one man adopts as to the course pursued by our nation in connection with the separation of Panama from Colombia. It is contended by some that the action taken by the United States was based upon the necessities of the case, and these necessities, as stated by those who take this position, are that Colombia was not able to build the canal herself and was not willing to sell to the United States upon reasonable terms the right to build.

"Those who take that position regard the United States as the aggressor in exercising the right of eminent domain in the interests of the world's commerce; but the exercise of the right of eminent domain does not relieve those who exercise it of liability for actual damages suffered. Take for instance the condemnation of a block of ground for a public building. Suppose that every lot owner except one is willing to sell his land to the government at its market value, but that one of the lot owners, whose lot is necessary to the erection of the building, asks more than the land is worth. The government proceeds to condemn the property, but it does not attempt to escape from the payment of what the land is actually worth, and the actual value of the property is not reduced one dollar by any effort that the owner may make to obtain for it more than it is worth.

PREVIOUS OFFER.

"If it is contended that the price offered by the United States prior to Panama's separation was a reasonable one, and that Colombia ought to have accepted it, that valuation cannot be reduced merely because Colombia was not willing to accept the offer. The price then offered was approximately \$15,000,000 (\$10,000,000 cash and \$5,000,000 a year for a hundred years, which could be capitalized at \$7,500,000).

"But when this price was offered it was understood that Colombia would retain the state of Panama and have the advantages to be derived from proximity to the canal. What justice or fairness

can there be in the proposition that Colombia, having refused to accept a fair price, is not entitled to any damages at all? The payment of the \$25,000,000 provided for in the treaty now before the Senate is only a reasonable compensation for the damages suffered by Colombia that ought to be paid, no matter what theory one adopts in regard to the action of the United States or the action of Colombia in 1903. The above argument is based upon the theory adopted by those who say Colombia was entirely in the wrong in refusing to accept the offer made by the United States, but it must be remembered that this theory is debatable by the people of Colombia, who defended the position that their government then took and who have ever since asked that the controversy be arbitrated by some impartial tribunal.

BAD CONTROVERSY.

"The reopening at this time of the original controversy is not only unnecessary, but objectionable, first, because it diverts attention from the present situation with which we have to deal, and second, because it would revive, both here and in Colombia, the very feeling of unfriendliness which it is desirable to allay. The treaty is intended to restore friendship and good will between these nations, and this can be done by dealing with the situation as it now presents itself without reopening the discussion as to the merits of the positions originally taken by the two governments respectively.

Women Bronco Busters Injured During Rodeo

SALINAS, July 31.—Four minor accidents marked the opening events of the fourth annual California Rodeo here yesterday. Two Fresno cowgirls, Miss Sallie Rector and Mrs. Nellie Hays, were ingloriously "piled" by their broncos. Curley Smith of Salsun was dragged by a wild steer and Ray Hill was injured when his mount fell on him. None were seriously hurt.

Five hundred mounted men and women participated in the opening parade. Attendance was estimated at 5000.

CREEK INDIANS RIGHTS TO OIL LANDS UPHELD

MUSKOGEE, Okla., July 31.—The Creek Indian nation is the owner of the river beds in its territory and the state of Oklahoma has no right to the oil and gas leases thereon, according to an opinion handed down by Justice Carland of the United States Circuit Court of Appeals at St. Louis Wednesday, reversing a former decision by Judge Ralph E. Camp, chief of the United States District Court.

The opinion affects leases of oil and gas lands worth millions of dollars. Justice Carland's decision has been agreed to by all the justices of the court, according to a letter received today from the clerk of the court to the United States attorney here.

KILLED BY CAR.

SAN FRANCISCO, July 31.—Walter Brennan, a mechanic living at Howard and Twenty-third streets, was instantly killed at Forty-fourth avenue and Lincoln way at 10 o'clock last night when a west-bound "El" and Ocean car ran into a buggy in which he was driving with Duke Dean, a pound employee. Dean was unhurt.

Dean received a call from Forty-eighth avenue last evening to go and see about a dead horse. He invited Brennan to accompany him on the drive. They were coming out onto Lincoln way when the car struck the buggy. Both were thrown out, but Dean fell clear, while Brennan fell directly in front of the car, which passed over his body.

GRANTS CREDITORS' MOTION.

NEW YORK, July 31.—In the litigation arising out of the failure of the H. B. Claflin Company, United States Judge Leonard Hand yesterday granted a motion of the minority creditors who have claims aggregating about \$15,000,000 for independent representation. The motion was made by Frederick W. Lehmann, representing the minority creditors. This new committee will act on behalf of the Creditors' Audit and Adjustment Association, a credit man's protective organization in whose hands a large number of European and American banks, trust companies and mercantile houses have placed their claims.

SECOND WOMAN TO BE U. S. RECEIVER

Mrs. Grace Caukin to Fill Important Government Position in San Francisco.

Tomorrow Mrs. Grace B. Caukin, the most prominent Democratic woman in California, will take office in San Francisco as a United States receiver of public moneys, a position filled for years past by John J. Deane. Mrs. Caukin is the first woman in the state, and the second in the United States to be appointed to this federal office. The only other woman filling a similar position is also a Westerner, Mrs. Baker, of Colorado, who took charge of public moneys in that state last May.

Mrs. Caukin was endorsed by Democrats all over California for the position to which she was appointed by President Wilson. The job, listed under head of office work, a branch of the Department of the Interior, carries with it a salary which shall not exceed \$3000.

The new United States receiver of public moneys is a woman whose career testifies to her efficiency and experience. She has been active politically, filling since May the office of secretary of the Democratic State Central Committee.

"I've been on hand every day, to receive delegations, to write letters, to smooth out things which come up from time to time in Democratic circles," said Mrs. Caukin.

lived in San Francisco since her childhood, and according to her statement, "I know how to vote a Democratic ballot when 5 years old."

"I was forced into business life," said Mrs. Caukin, in speaking of her appointment to the office which she will assume tomorrow. "More than eleven years ago I had to go to work, because the bottom had fallen out of the world for my family."

ECONOMIC AWAKENING.

Not the least interesting part of Mrs. Caukin's story was her account of her first "economic awakening."

"I discovered," she said, "that the man who was paying me less than \$25 a month for my work, which required me to handle thousands of dollars, was paying \$30 a month for the board of his saddle horse. I rose right up in my wrath from that moment."

Mrs. Caukin has filled numerous positions with local firms, as cashier, bookkeeper and general manager of office forces.

The new woman office-holder comes of New England stock, "with just one stray trace of Irish," she laughingly adds. She has two children, girls each of whom "will be trained to earn her living. I can tell you," their mother declares with emphasis.

Mrs. Caukin will remain in her position as central committee secretary until September, when the Democratic convention will select her successor.

WAR SHIP CHRISTENED.

NORFOLK, Va., July 31.—With impressive ceremony the former American battleship Mississippi was christened Kilts and dedicated by representatives of the Greek government.

BOY MODELS PRESIDENT.

WASHINGTON, July 31.—President Wilson yesterday was presented with a clay bust of himself modeled by John Bates, a 14-year-old boy of Salt Lake City, Utah. Senator Smoot presented the bust.

The First Trust and Savings Bank is owned by the same stockholders and controlled by practically the same board of directors as the First National Bank of Oakland. The directors are not "directors in name" but take a keen and active interest.

ITS HISTORY.

Six years ago on June 1, 1908, the bank commenced business with quarters in the First National Bank building, but the great increase of business forced them to seek a location elsewhere. Since the building of the new city hall and the opening of Washington street, Sixteenth and San Pablo avenue has come into great prominence and a site was purchased at the southeast corner. On it a magnificent eleven-story steel-frame building was erected, the lower floor of which was set aside for the bank's sumptuous quarters. It is one of the finest, most up-to-date banks west of Chicago.

The institution does almost exclusive savings business. The deposits have grown steadily and rapidly until they are now, at the end of six years' time, approximately \$7,000,000, with assets of \$1,250,000. The capital stock was \$300,000, but owing to growth in business it was necessary to increase this in November, 1913, to \$500,000.

The officers of the big bank seem to be enthusiastic as boys over the beautiful new building. Like all Californians the directors are real pa-

triot, who take a sincere and admirable civic pride in the city's expansion. A city is always judged by its buildings, not only by native sons, but by visitors from other states. Nothing brings capital to a city like its prosperous establishments, or so helps its growth. No money has been spared to make the First Trust and Savings Bank one of which the city can be proud.

The interior decorations of the banking room are as fine as any in the country. The artistic dignity and chaste simplicity of the interior finish, which follows the style of Italian Renaissance, is surpassingly beautiful and effective. The ceiling has embossed medallions designed by a famous sculptor into scenes depicting the early history of the state and nation.

There is a marble floor with a quaint border line of colored cement lettered in bronze with Benjamin Franklin mottoes from Poor Richard. Above a wondrous wallcovering of soft, lovely skyros marble imported from Greece, creamy cane stencils are used in wide bands of coloring. The bank screen is of real gold bronze. Beyond the officers' handsome quarters on the San Pablo avenue side is a beautiful ornamented directors room.

FIRM AS GIBRALTAR.

Its equipment is the most modern that could be installed in any bank anywhere. It represents all the genius of latter day banking. Not only is it a masterpiece in artistic beauty, but a triumph in impregnable safety. The great building is of fireproof construction and contains the most ingenious contrivances that human skill have yet created.

The great vaults are of tool proof steel with armour plate walls imbedded in concrete. Fire or flood could not injure them or an earthquake dislodge them. It is provided with triple time locks which open only on a set time.

TRIP TO LEHNHARDT'S.

My visit to E. Lehnhardt's was accomplished yesterday afternoon after three unsuccessful attempts and one change of disguise. It was a difficult date for me but I weathered it safely enough. The nearest I came to capture was when a child insisted in spite of its embarrassed mamma's reproach, that I was Bonnie Burr, and when a young man spoke half the salutation to me and then gave up.

I fancied myself a bit clever when I started for the scene early and in company with a companion. When I reached Broadway I discovered that hundreds of searchers were possessed of the same original idea. The "early birds" were there, a black mass of them discernible at some distance.

It was shortly after 2 when I left my hotel, approaching Broadway from the west side of Broadway till I reached the store.

Early as I was I found the pavement in front of the shop jammed. It would have been foolish to attempt to enter them. By a code signal, I received the intelligence that the entrance was blocked. I passed on resolving to try again.

Half an hour later I strolled back and

found a bigger throng, more excitement and no abatement of hostility.

It was 3 o'clock when I again returned, finding a worse outlook than before. A clique of persons had combined forces and was making an organized attempt to trap me. I resolved to alter my strategy as I had three times passed the store in it and felt that some hawk-eyed person might remember seeing me pass if I attempted to enter. So, I repaired to my hotel, where I made a complete change in my appearance.

ENTERS AT LAST.

Although I hastened, it was nearing 4 o'clock when I again approached the appointed place coming from the west on Thirteenth street to Broadway. This time I was successful in entering the store.

By my wrist watch I noticed that it was exactly 4 o'clock when I was in the midst of the crowd outside. Officer 52, wearing a good-mannered smile, was stationed there at the trying task of keeping the throng moving. I wondered how he could so completely preserve his amiability. Wedged in the jam so that I could neither retreat nor advance, I was for a few minutes completely at the mercy of the crowd. Two young ladies, both attired in blue greeted Officer 53.

"Are you looking for Bonnie?" asked one of them.

"Look out," he retorted, "or we may take you for Bonnie."

A laugh greeted this sally. By this time the crush had eased up a little and I could move more freely. However, my companion and I were precipitated into the doorway by the force of humanity behind us. Once inside, I breathed a sigh of relief.

Searchers old and young, eager and indifferent, were lined up everywhere six deep it seemed to me. There was a formidable array of OAKLAND TRIBUNE'S. Participants carried them for all the world like weapons.

With a slow funeral gait I followed those ahead of me, passing to the right. In front of the cashier's office was street car conductor, 1450 who I fancied stared rather fixedly at me. Whether it was the effectiveness of my makeup or because of my companion, or perhaps that he lacked courage, I do not know, but he passed me up.

PURCHASE MADE.

We were lucky enough to get seats just back of the cashier's office. We seated ourselves as the chairs were vacated. As I wished to keep my promise about making a purchase, I ordered ice cream and my companion asked for ice cream soda. Once seated, no one even seemed to notice me. The tables were all filled and the counter was lined with people.

By the time we had ordered, been served and had eaten our refreshments, twenty minutes had passed. As we were preparing to leave a little girl who had strayed away from her mother, a tall, stately woman in black who sat at a neighboring table to the right, stood before our table staring at us with great eyes. She had on a white hat and dress and a red coat and was about 8 or 10 years of age. I smiled at her and she fled with childish embarrassment. Then she took me quite by surprise by stammering out half bashfully:

"I think you're Miss Bonnie Burr, that's what I think."

"Dorothy, come here," called her mother sharply. "Whatever do you mean by being so bold?"

The child hung her head, but murmured rebelliously, "It's her all the same."

We passed out the same way we entered, passing the soda fountain. It was 4:35 o'clock when my companion stopped at the cashier's window and paid the check.

About midway the distance to the

man in a gray suit, Panama hat, wearing

glasses. A girl in brown with white

hat trimmed with red roses was with

him. He held up a copy of THE OAK-

LAND TRIBUNE, started off with the

salutation, "Pardon me, you are the mys-

terious Miss Bonnie Burr!" and stopped

after a good look into my face.

He neither apologized nor troubled to

finish, but merely walked away as though

SPRING VALLEY READY TO SELL

Decision Made to Accept the Terms of Advisory Committee.

SAN FRANCISCO, July 31.—All doubt as to the willingness of the Spring Valley Water Company to sell to the city under the terms set forth by the Advisory Water Committee were set at rest last night when a letter was received from the company accepting the terms if they are offered by the Board of Supervisors.

This action of the Spring Valley Company, which was taken at a meeting of the board of directors yesterday in the passage of a resolution, makes it virtually certain that the proposition will appear on the ballot for decision by the people at the next general election in November.

Accompanying the resolution was an acknowledgment of the receipt by the company of the letter of July 27th in which the Advisory Committee asked whether or not the company would accept an offer on the terms set forth and which fixed the price at \$34,500,000, exclusive of certain lands to be retained by the corporation.

The Spring Valley Company's letter notifies the advisory committee that the directors, with the authority of the stockholders, will accept the offer for the properties of the company referred to in the water committee's letter, "at the price and upon the terms and conditions set forth therein."

According to Attorney Matt I. Sullivan, a member of the advisory committee, there will be a meeting of the committee within a few days, at which the properties designated in the letter to the company will be checked off and listed definitely. After the meeting the committee will report to the Board of Supervisors, which will be asked to take a vote on whether to submit the proposition, as made and accepted, to the people for consideration at the next election.

The Spring Valley matter will probably be brought up at a special meeting of the Board of Supervisors. Sullivan was hopeful last night that the long discussed problem of the purchase of the properties will be more nearly settled at the meeting than for two years.

DEEDS, NO ALIEN.
SAN FRANCISCO, July 31.—John F. Renstrom, proprietor of a hardware store, came out second best in a legal tussle with his divorced wife, before Judge Sturtevant. Mrs. Persia Renstrom complained that her husband was \$60 in arrears in his alimony. He protested that he had purchased an automobile and for that reason could not pay up. "If you can support a machine you will have to support your wife," said the court.

Judge Sturtevant gave Renstrom until Monday to pay.

PIMPLES ON HEAD ITCHED AND BURNED

Baby's Head Covered. Kept Spreading. Would Scratch and Fret. Cuticura Soap and Ointment Healed.

Tell City, Ind.—"My baby's head was covered with sores and the top was a solid scab. It began with pimples and he would scratch his head until it would bleed and then scab over and keep spreading. He would claw his head and fret it itched and burned so and I was afraid he would never have any hair on top of his head again."

"A friend recommended Cuticura Soap and Ointment to me. I asked family doctor and he said, 'Yes, go right ahead and use them.' We got one cake of Cuticura Soap and one box of Cuticura Ointment and they healed him from the first. I would wash him with Cuticura Soap and warm water and then rub the Cuticura Ointment on his head with my fingers and great drops of sweat would come out. The sores would become soft. In a few days his head did not seem to itch or bother him in the least and before we had used one set he was healed and he has a fine growth of hair. It was worth many times the cost." PASS TEMPORARY ZONE ORDINANCE

Measure to Remain in Effect Until Better One Is Presented to Council.

Following the news that the Gallagher planing mill, the protest against which started the zone ordinance move, was in operation and could not now be legally abolished, the proposed temporary zone ordinance, which for several months past has been the cause of disputes before the city council, was finally passed this morning. The ordinance will be in effect until a substitute, to be more systematic, is presented by a commission of business men now at work on the matter.

The protest was started by Mrs. Thomas Watson, who opposed to a planing mill near Alameda Park. While the dispute was going on in council the management of the mill placed it in operation, thus rendering it beyond any law now passed. A protest was also presented today by a delegation from the Piedmont avenue district, objecting to the Roack & Kenry undertaking establishment.

At this meeting Mayor Voss declared the council powerless. Final passage was this morning voted the port commission ordinance, providing for a commission of five to be appointed by the mayor and to serve without pay as a board of harbor directors. The ordinance providing for the appointment of a harbor manager was laid over until Monday for action.

A protest was filed by L. B. Magoon, secretary of the "Anti-Machine League," declaring that the recent planing mill ordinance was a violation of the city charter. A San Francisco bond house, lost the city money. He presented letters from two bond houses in the matter. The council was unable to take action, the time having been already made, thus rendering any revoking impossible under the law.

ASSUMES RESPONSIBILITY.

"The private sale was made on my responsibility," declared Assistant City Attorney Charles Magoon, "in completing the auditorium was one object. Also we were given a very good offer. As a matter of fact to sell these bonds at bids at the present state of the stock market, due to the war conditions in Europe, would be very unprofitable. The charter gives the council the right to do this."

Magoon read from letters filed by the Torrence Marshall Company of Los Angeles and San Francisco, and also by the Byrne McDowell Company of San Francisco. The latter firm declares that they would have paid the city \$250 more for the issue.

"These are from interested bond houses," declared the mayor, "and furthermore it is a well known fact that the latter offers only come in when there are no bonds to sell."

"I have had the advice of expert bankers, Mr. W. W. Garthwaite and others," declared Magoon, "and they declared that we are getting an exceptionally low deal."

"Well, I just wanted the council to know how its subordinate officers are doing business," declared Magoon. The matter was referred to the legal department for a report to be made next week.

MOTHERS' CLUBS MEETINGS.

Application was received from the California Congress of Mothers' Clubs and countersigned by the board of education, asking the use of the city hall board of education rooms for their meetings. This was referred to Mayor Moffett, statement that private sessions could not be allowed as it would mean too many such applications. The board of education was advised to furnish the women with a school room.

The position of Robert Mounds, as assistant in the construction department of the public works was vacated, the salary being fixed at \$1200 per annum. A resolution was passed this morning fixing the salary of Ralph E. York, chief clerk of the department of public works, at \$1850 per annum. He will take the place formerly held by William Masterson, who is now city wharfinger.

An ordinance authorizing the city wharfinger to waive charges for city wharfage on the Livingston street wharf was passed, the being temporary and designed to comply with private wharves until other arrangements are made. C. W. Cross was granted a 30-day extension of time in the matter of paying Bona street a letter was received from the Little Sisters of the Poor, thanking the council for their assessment reduction. This was filed.

The matter of the appointment of a harbor manager, a position for which W. W. Keith, formerly traffic manager of the Oakland Traction Company, is a candidate, will be finally passed on Monday. He will then go before the Civil Service Board.

ZAPATA TO JOIN IN PEACE PARLEY

Carranzaites to Demand That U. S. Evacuate Vera Cruz.

EL PASO, Texas, July 31.—Representative General Emilio Zapata and Venustiano Carranza will confer within a few days regarding the attitude of Zapata toward the Constitutional government, according to reliable reports received here today.

Zapata, the revolutionist of Southern Mexico, will take part personally in the conference, which will be held at Villa de Santiago, state of Guanajuato. Two state capitals near Mexico City have been evacuated by the Federal army according to official messages from Saltillo to Constitutionalists here today. Pachuca, capital of the state of Hidalgo and Queretaro, capital of the state of the same name, have both been deserted by their Federal garrisons, who have gone to Mexico City.

There was no movement indicating that General Villa, the northern divisional leader, had decided to break away from the Carranzaites. So far as could be learned here, he has not yet started his army southward from Chihuahua state.

WASHINGTON HOPEFUL.

WASHINGTON, July 31.—Administration officials today expressed conviction that soon as Provisional President Carranza arrived at Saltillo to confer with Carranza, peace plans for Mexico would move speedily forward. President Wilson described the peace prospects as "entirely encouraging."

The president and his advisers believe that Villa, the Constitutional general, will subscribe to the peace program of his chief, Carranza.

HUERTISTAS TO EUROPE.

HAVANA, July 31.—Three former ministers of Huerta's cabinet, Jose Maria Lozano, Garcia Naranco, and Ignacio Alcantara, arrived here aboard the steamer Buenos Ayres today.

Victor Huerta, son of the ex-president, seven Mexican generals and a number of prominent Mexicans, also were passengers on the Buenos Ayres. The majority of them will proceed to Europe.

CARRANZA'S ATTITUDE.

MONTREY, Mexico, July 31.—Withdrawal of American troops at Vera Cruz, declared at the Carranza conference at Saltillo, according to the declaration made here by high Constitutional officials.

DRUG CAUSES DEATH.

SAN FRANCISCO, July 31.—Charles Roberts of 2807 Harrison street, a stamper, died today at the central emergency hospital.

IS OFF TO CONVENTION HIGH HONORS IN STORE

Judge's Wife Will Head Pythian Sisters in 1915

Mrs. George Samuels, supreme junior of the Pythian Sisters, left yesterday for the supreme convention which convenes this year at the Hotel Alexandria, Winnipeg, Canada. This convention is one of the most important that the order has held in many years.

Mrs. Samuels has been steadily advanced each year in the important offices of the Supreme Temple. She will undoubtedly be chosen the supreme senior at the convention this year, which will place her in direct line for supreme chief at the next convention, at which time efforts will be made to have the convention in this city.

Mrs. Samuels has been very prominent in club circles in this city for many years, being particularly identified with the Oakland Y. N. C. A. She is an active member of the Y. N. C. A. and the Y. N. C. A. and is prominent in all philanthropic and charitable work.

At the convention it is over she will tour Canada and visit the principal players.

KILLED. HE ATTEMPTS MURDER AND SUICIDE

RED BLUFF, July 31. — Gilbert Seville, an actor, who was traveling with a carnival show, attempted to commit suicide here in the Concordia Hotel yesterday afternoon. He was found in the hotel room, where he had been shot through the wall of his room at the head of the woman who had deserted him. She was in the adjoining room with a waitress who worked in the hotel.

Seville proved to be a poor shot. The first bullet through the partition went wide of its mark and the shot he fired at his head made a slight scalp wound.

The wounded man was first rushed to the County Hospital. Later he was booked at the city prison on a charge of disturbing the peace.

U. S. CIVIL SERVICE TESTS.

The United States Civil Service Commission announces that the examinations listed below will be held in San Francisco at an early date.

Expert radio aid (male), office of superintendent of radio service, naval radio station, Radio, Va., \$5 per diem.

Expert radio aid (male), New York, N. Y., Boston, Mass., Philadelphia, Pa., Norfolk, Va., Charleston, S. C., and Puget Sound, Wash., salaries \$6 to \$8 per diem.

MINOR ARRESTS MADE.

Mr. Camille Muller, a storekeeper, residing at 2514 Chestnut street, was arrested last night on a charge of disturbing the peace, preferred by K. Beraspidi, who complained to Patrolman Nelson that he had had trouble with the woman, S. Johnson, a conductor, arrested by Patrolman Noble at East Twelfth street and Fruitvale avenue and charged with vagrancy.

Mrs. Sophie Patterson, charged with malicious mischief, was arrested by Corporal Pullman, and also lodged in the city prison. All will come before the police court for examination.

To Cure Salt Rheum and Scaly Skin

A Most Effective Treatment
Quick in Results

It is simply great to use S. S. S. for the blood and get a fine, new, healthy skin. No more salt rheum, itching, scales, eczema, better than any other skin affection. What a world of suffering! Perhaps you have greased and painted for years with mere temporary relief.

The trouble is in your blood and merely appears on the surface because the skin is a natural outlet. In time the tiny pores in the skin close and the impurities, the tissue cells break down and nature must have help. Now, the skin is but a network of tiny blood vessels, nerves and a modified form of mucous membrane in which blood impurities are prepared for elimination.

And it is only by supplying skin texture with new and purified blood that the constant outpouring of impurities is checked.

Get a bottle of S. S. S. today of any druggist. Use this splendid, purely vegetable blood cleanser and get rid of all skin troubles.

Avoid substitutes. Don't accept them. Write The S. S. S. Co., 120 Swift Bldg., Atlanta, Ga. for their wonderful book on skin diseases.

REFORM WRECKS

TOKIO TAMMANY

Made Ambitious by Success.

Young Japanese Pursue Conservatives.

TOKIO. July 21. — The political machine which for ten years has dominated municipal government in Tokio was demolished by the reformers at the recent municipal elections. So serious was the defeat that the organization, which is known as the Tokiwakai, and which has been called "Tokio's Tammany," has been dissolved altogether.

The good government party regards the overthrow of the organization as a signal victory, and indicative of the general reform movement which is sweeping over Japan in all branches of political life. For the last ten years they have fought to eliminate the Tokiwakai majority in the municipal assembly, but each successive attempt met with failure, until this year they have not only removed the objectionable majority but also defeated its leader, S. Morikubo, in whom they saw all of the party's corruption personified. The charges were

levelled so many municipal upheavals in America — harmful patronage, corruption in the distribution of contracts for public works and general graft.

The success this year was due largely to the younger element, which was organized into an anti-machine body. Public meetings were held and almost every member of political publicity utilized to arouse the voters of the urgency of good

government. The election continued for three days, at the end of which the reformists had captured all but 21 of the 75 seats in the assembly. Morikubo, the ousted leader, thereupon invited his fellow victims to a meeting at which it was voted to dissolve the association.

AMBITION. The new organization now in power is known as the Municipal Government Club. They are not content with reforming municipal politics alone, however, and have already begun a vigorous campaign to establish themselves in the National House of Representatives, where the Tokiwakai, or Conservative party will be the object of its attack. The Tokiwakai has a large majority in the Diet, and since it was linked with the now defeated Tokiwakai, it appears to be in danger of losing its power.

The present Okuma cabinet is backed by groups hostile to the Tokiwakai. It is unable to carry through its program in the face of an opposing majority. Count Okuma would be likely to dissolve the Diet and give the people an opportunity to register their will at a new election.

An interesting phase of the suffrage question was seen in the recent municipal elections. The suffrage is very restricted, there being three classes of voters, classified according to the amount of tax they pay.

Taking the city as a whole about the household in thirteen has a vote. Each grade of voters elects 25 assemblymen. The voters of the first grade number only 1187. The second category has 6136 electors. The great majority of voters, 571, are found in the third grade. To be qualified for this grade the citizen must pay a land tax or else an imperial tax to the amount of 2 yen yearly.

NO TREATING. The election of the assemblymen of the third grade was regarded as most closely expressing the popular will. Every street leading to the voting booth the candidates had established commit-

tee rooms where there was a good deal of smoking and talking. Formerly tea and refreshments were at the disposal of the thirsty or hungry voter but today the government, following the ideas of the West, permits only moral suasion. The voter approached the outer office of the election hall, gave his name and address and was supplied with a ballot. Another official checked and stamped the ballot. The voter then passed upstairs to the voting room where his ballot was again supervised. Finally he wrote the name of his candidate and handed over his ballot to the officials.

COUSINS STILL, BUT MARRIED NO LONGER

Because his wife preferred the attentions of a photographer salesman and expressed a wish that her husband was at the bottom of the bay, Volney D. Cousins was granted an interlocutory decree of divorce from Frances Cousins by Superior Judge Harris. Cousins alleged that Rex Shei had been responsible for the divorce.

Dr. H. M. Fine, in whose home Mrs. Marie Drown attempted to shoot Mrs. Marie Drown the day before Arthur C. Drown was murdered, failed to produce sufficient testimony before Superior Judge Harris to obtain a divorce from his wife, Margaret E. Fine and the matter has been continued for further substantiation of the charges of desertion.

Dr. H. M. Fine, an East Oakland grocerman, was granted an interlocutory decree from Charles Mullen on the grounds that she had treated him cruelly and paid attentions to traveling salesmen.

Pearl Crosby was granted an interlocutory decree from Milton Crosby on the grounds of failure to provide for the maintenance of his wife and child. Lena Hicks obtained a similar decree from Edward Hicks for the same reason.

CARMEL AWAITING BIG MONTEZUMA PERFORMANCE

CARMEL BY THE SEA, July 31. — Now that two of the three big plays of the Forest Theatre season are things of the past, all Carmel, and the Western Drama Society in particular, are bending their efforts to make Montezuma, the latest play by Herbert Heron, which is the third and last of the series, and comes off on next Saturday evening, a big success. Considered as a spectacle, Montezuma is most effective, quite aside from its real dramatic merit. It is in fact, a big production given on a big scale, and much more splendid and colorful than anything that has ever been seen hitherto on the Carmel boards.

Porter Garnett, the well-known producer, who put on some of the most successful of the Bohemian Grove plays, and is a director of the American Pageant Association, has spent no end of his time in the city of Carmel, and his performance is attractive.

With fifty people on the stage, with Aztec dancers, with priestly processionals in scarlet robes and brilliant scarlet, and with a wonderfully vivid storm scene, the spectacular possibilities of Montezuma, entirely apart from the acting, give Montezuma its prominence as the most important play of the season.

WORKS LIFETIME SAVES \$700. WEAVERVILLE, July 31. — For 52 years the "West Weaver" has been lived in Weaverville and in all that time was never out of the county. He has left for Redding on his way to China to remain. He is 75 years old and has never seen a Soap or sold any drugs. For trial, he left here with \$700 in gold, to represent his savings of more than half a century.

FIRE THREATENS HOMES OF CANNERY EMPLOYEES

SAN LEANDRO, July 31. — An outbreak of fire threatened the houses occupied by a colony of cannery employees last night. The excited occupants prepared to remove all their effects in case the fire spread. For some time the outbreak, which started in a kitchen of the house occupied by John Souza, threatened great damage. The alarm was turned in by the superintendent of the cannery. The fire department succeeded in containing the blaze to the Souza home. Heating of the woodwork by a gas jet which was too close to the wall caused the fire.

TEACHERS' LEAGUE TO BE HERE 1915

Pedagogues Select Oakland As Headquarters for Exposition Year Convention.

Oakland will be a city of pedagogues during the month of August in 1915. Joseph E. Caine, managing director of the Oakland Commercial Club today received a telegram stating the League of Teachers' Association had chosen Oakland as the headquarters of their convention in 1915. Miss Grace De Graaf, of Portland, Ore., president of the organization states the convention will be held in the Commercial Club.

The Commercial Club has been asked to aid the officers of the League in securing a meeting place and headquarters while in this city and in arranging for the accommodation for the large number of teachers who will come from all over the United States. The League is a national organization and includes in its membership many well-known figures in the world.

The convention will probably be held here the week previous to the National Education Association Convention which will be held in 1915. The whole of August will thus be taken up with important educational convales and Oakland during that month will be the scene of the most representative educational gathering in the history of the world.

CITY HALL FURNITURE TO BE INSTALLED SOON

August 10 will see the installation of the first shipment of furniture for the new city hall, according to the announcement of Ralph E. York, chief clerk of the department of public works, who announced this date following telegraphic advice of shipment from the Eastern factories manufacturing the goods. The special glass shades for electric fixtures in the city hall have already arrived, and the work of installation will commence soon. Chandeliers for the rotunda and for the corridors are included.

All floors, with the exception of the ground floor, are now ready for the furniture, and the removal of the departments from the city hall annex in the Brady-Grote building, will proceed as fast as furniture is installed. It is planned to have all departments in place by next Admission Day.

NO WARRANT FOR BUTTERS. Sheriff Frank Parrott has not received from the authorities of Alameda county a warrant issued there for the arrest of Henry Butters, Claremont millionaire, who is accused by Stewart E. White, a writer, of monopolizing a narrow mountain road with his automobile while on the way to Tahoe recently.

CHINESE GENERAL MAY BE DEPORTED

Yuan's Consul Accuses Hwong of Violating U. S. Neutrality Laws.

SAN FRANCISCO, July 31.—As the direct result of alleged assistance by General Hwong Hsing and Lin Sun, as well as other revolutionary leaders, Assistant United States Attorney Thomas this morning sent a dispatch to Attorney General McReynolds inquiring as to whether or not arrests should be made for violation of the neutrality laws in this country. The move made by the federal officials here followed a campaign engineered by Chinese Consul General S. C. Shu, which was begun soon after the arrival of General Hwong and his staff in this country.

A campaign through the United States for the recruiting of enthusiasts for the revolutionary cause in China. Shu first took the matter to General S. W. Hackens, Commissioner of Immigration. That official said that the Chinese had landed here with correct passports and that the case was one to be settled by the federal authorities at Washington.

Shu then consulted his attorney, F. B. Worley, and it was arranged to appeal to the Federal court under the charge that the United States statute forbidding the "setting on foot of a military expedition" was being violated in this instance.

APPEAL TO LAW.

Attorney Thomas, acting in the absence of United States Attorney Preston now on vacation, decided that the matter was of sufficient importance today to justify his taking it up with Washington. The arrest of the alleged revolutionary leaders is asked for under the following section of the federal statute: "Every person who, within the territory or jurisdiction of the United States, begins or sets on foot, or provides or prepares the means for, any military expedition or enterprise, to be carried on from thence against the territory or dominions of any foreign prince or state, or of any colony, district or people with whom the United States is at peace, shall be deemed guilty of high misdemeanor, and shall be fined not exceeding \$3000 and imprisoned for not more than three years."

"It is my belief that the neutrality law is being violated," declared Consul Shu, "I feel that it is unreasonable that exiles should be allowed to come to America and hatch a revolution against a friendly power without some action by the United States."

A banquet was held last night in which a demonstration was made against the president of China and his administration and General Hwong and several others made addresses. A large delegation of prominent Chinese merchants was in attendance. Hwong was presented with a gold medal.

Child at Play Falls in Bonfire; May Die

BERKELEY, July 31.—Stumbling into a bonfire about which he was playing with several other children, 5-year-old Charles Pain was so badly burned this afternoon that his death is expected at the hospital to which he was taken. The bonfire had been lighted by the children in front of the residence of the boy's parents, Mr. and Mrs. Charles Pain, of 124 Grove street. By a misstep the boy lost his balance and fell into the thick of the flames. Before he could be dragged out his clothes had been burned almost entirely from his body, which was seared and singed by the flames. Other children summoned assistance and the child was removed to Alta Bates Sanitarium, where Dr. Frank Stephens, Dr. C. Z. Ellis and Dr. Frank R. Wootley were called in consultation.

They held out no hope for the child's recovery. The father of the boy is a blacksmith.

Foreign Vessels May Register in America

WASHINGTON, July 31.—President Wilson has a plan in mind for bringing about the shipping of the world, under the American flag, during European troubles, by having Congress pass a law admitting to American registration the vessels of other nations.

He summoned Senator Kern and Representative Underwood, the majority leaders of the Senate and House to the White House today, to discuss the advisability of introducing such bills in Congress.

The President believes that the merchant ships of European nations would be glad to register under the American flag at this time in order to prevent being pressed into service, or being captured and prizes. Under existing laws it is impossible for foreign ships to take American registration.

OLYMPIC SWIMMERS IN SANTA CRUZ CONTESTS

The past week has added seven days more to the perfect weather prevailing at Santa Cruz this year.

Many improvements have been made by the beach management this year with a view to adding to the pleasure of those from out of town, and there's not much left to want for.

The other day a Fresno woman suggested how nice it would be to have the bathing pictures at the beach at night and the next evening two bathing pictures were announced.

On Saturday evening last the annual race between the Albatross club of San Jose and the Neptune club of Santa Cruz was held in the plunge, the local boys winning by a margin of four points.

Among those from Oakland noticed on the sand were Mrs. H. Burns, W. S. Lewis, W. K. Blum, D. L. Brown, R. S. Galloway, A. R. Sikes and wife, Mr. and Mrs. W. H. Jewels, Hazel Ince, Oscar Hazel, Crooke and son, W. L. Riley, Mrs. L. Thompson, M. C. Chapman, C. Chapman, Jr., Mrs. Ryan, Hazel Moffitt, J. E. Carle and wife, Mrs. E. H. Holden, Mr. and Mrs. J. H. O'Dell, J. S. Galloway, A. R. Sikes and wife, Mr. and Mrs. M. L. Hanna, James Rohan, J. S. Hughes, M. E. Hughes, Edward Smith and wife, E. T. Leiter and wife, Mr. Brown, A. F. Quinn and wife, Mr. and Mrs. Joseph Fleming, E. L. Pearson, Miss Eva Pearson, P. L. Zimmerman and wife, J. Cady and H. R. Adams.

WOMAN TAKES MONEY.

SAN FRANCISCO, July 31.—Charles Krutman, of 2514 Seventeenth street, visited Miss Lena Martin, at 221 Montecomp street last night. Left alone for a moment Krutman waited a hour. Then he tried the door and found that he was locked in. A further discovery showed that he had been robbed of \$5. He complained to the police and the woman was arrested and booked for embezzlement, after she had been locked in another room in the same hotel.

FIND OLD WRECK IN BED OF RIVER

Stockton, July 31.—The bodies of an old ship has been uncovered by the sliding of the Mokelumne river near the Longford place in this county. The wreck concerns a boat built here for many years. The oldest inhabitants of that section have no recollection of the bridge, and it is thought to have been built in 1870. Supervisor Newton stated that he thought the boat was the remains of a boat that was sunk near the old Staples ferry early in the 1880s. The timbers are well preserved, and there is enough of the wreck in sight to indicate that the structure was once a little farther north than at present and that it was several feet lower.

Mokelumne Shifts and Uncovers Ship's Bridge Buried in 60s.

Stockton, July 31.—A man identified as Hermann Huestetter, 37, and based on his person, shop and killed himself in the Plaza here last night, while the town band was playing popular airs. Huestetter, who is said to have been a former teacher of German, residing at 115 Laguna street, San Francisco, came here last night from San Francisco, went to the movie and sent several letters to a woman at the address in San Francisco.

Grass Valley, July 31.—

Suit has been commenced in the Superior Court of Sierra county by J. M. Harner, who seeks to oust T. J. Sloan, ex time well known in the sporting world as "Red Sloan," the famous horse jockey, from the ownership of an interest in the Golden pool table. Harner alleges that Sloan has neglected to contribute his share to the earnings for several years of reproduction.

Santa Rosa, July 31.—

Representative fruit growers and wine makers from the county of Sonoma county attended the meeting of the Sonoma County Grape Growers Association of which Charles Steinmetz, driver of the automobile, was running at a high rate of speed. He collided with a wagon belonging to the Coast Valley Gas and Electric Company, driven by W. J. Lee. The impact forced the car into the air and he fell into the bed of the machine, which was loaded with cabbages. Neither Lee nor Steinmetz sustained any injury, and the automobile was easily shifted.

Encouraging reports were made from the various branch associations of the county and the effort to conduct the campaign of education in behalf of the great war is proving successful.

Chicago, July 31.—A. J. Young, who believes he has a gun turkey that holds the world's record for a large egg. Young today exhibited an egg that weighed a few ounces more than a quarter of a pound, measures 2 1/2 inches the long way and 1 1/2 inches the other way around.

Sacramento, July 31.—

The directors of the State Board of Agriculture yesterday decided to hold the 31st annual fair at Agricultural Park the last of the fair, on collision between the locomotives in the middle of the track which caused such a drawing card last year.

Sacramento, July 31.—

Former warden of Prison prison, who formerly worked after subject of Sacramento by the unanimous vote of the Commissioners yesterday. Will succeed Robert T. McKelick.

Stockton, July 31.—

P. C. Rice is not a lawyer, but pleaded his own case in court yesterday for a second time in charge of robbery and for the second time he won a disbarment.

Pettusville, July 31.—

Attention will be called to vote \$5000 in bonds for the elimination of Thompson, which the planning of electrolers in the business world and the raising of the wheelbarrow.

NO. 161.

KNOWLAND GREETED BY THE PEOPLE OF MODESTO Candidate for U. S. Senator Makes a De- cided Hit in Heart of Dairy District

MODESTO, July 31.—Congressman Joseph R. Knowland, candidate for the United States Senate from California, was given a very warm reception here today.

Senator, was given a very warm reception here today. A committee of citizens received him and arranged an open air meeting on the principal street. Nearly a thousand people assembled to hear Mr. Knowland's address, which was a masterly affair. The Congressman was frequently applauded while making his speech and at the conclusion of his address he was given a very warm reception.

During the course of his remarks, Mr. Knowland said: "I have been very much interested in the dairy industry of California. It is one of the great industries of the state and it is one of the great sources of wealth to the people of California. I am very much interested in the dairy industry of California and I am very much interested in the dairy industry of California."

CALIFORNIA HARD HIT.

"This serves as just one illustration of how California has been hit by the Democratic tariff. What is true of Stanislaus county in regard to butter is true of other counties in other products; is true of the entire southern portion of the state relative to the citrus fruit industry. There has been an increase of 60 per cent in butter imports and 40 per cent increase in the importation of oranges, another product of your country, during the same period of time mentioned. The first six months of the Democratic tariff saw 4,100,000 dozens of oranges brought into this country, mostly from China, as opposed to 3,200,000 dozens imported under the same six months a year ago under the Republican tariff law. Yet with all this competition there is no mention of any reduction of the high cost of living, which was promised by the Democratic administration when they assumed the reins of government."

"With a sea coast equal to that extending from Beverly, Mass., to Charleston, South Carolina, California has looked forward from the opening of the Panama canal, Modesto, with 20 miles of water, has expected to reap much benefit from the opening of the Panama canal. The shippers of this city, in common with the shippers of other sections of the state, looked for a reduction in the cost of making their shipments to foreign markets by the water route and the consumers of the state looked for cheaper goods brought into the state for the purpose of increasing the standard of living. As a member of the House Committee on Interstate and Foreign Commerce, I introduced a minority report advocating free tolls for American ships in the coastwise trade through the canal. After a long fight this provision was made a part of the Panama Canal Act, and later, after one of the bitterest fights ever known in Congress in many years, was repealed by the Democratic administration. Now, American ships, which are operating through the canal between American

ports, must pay tolls and these tolls will come out of the pockets of the shippers and the consumers, but from past experience we are led to believe that it will be mostly the consumers.

THE CANAL ACT.

"There was one provision, of which I was the author, in the Canal Act, which still remains undisturbed and which will render a very great service to the American people, as it absolutely prevents railroad domination of the canal. It provides for the very highest tolls being paid by railroad-owned or controlled ships of the carriers in competition with the canal."

"I have endeavored at all times to work for the best interests of California, both as a member of Congress for the past ten years and as a member of both branches of the State Legislature for seven years previous to going to Washington. I am now seeking to be elected on the Republican ticket as United States senator. I am asking the people of California to promote me for good work done, and in making it a request am offering my record as my reference and platform."

ITALIANS FOR KNOWLAND.

Meeting held at 1135 Columbus avenue, San Francisco. At a regular meeting of the Italian-American Republican Clubs of the 33rd district, George Canata, president, and Joe Catamatori, secretary, resolutions endorsing Congressman R. Knowland, were adopted, and the following committee was appointed by the chair to canvass the district in behalf of Joseph R. Knowland: Michel Darsini, Fredo Martini, Joe D. Martini, Joe Eustachio, P. Rossette, H. Musto, Louis Lofiani, Joe Angelotti, R. P. Rossi.

Strike Hot Trail of Yellowstone Bandits

CARTONER MONT, July 31.—Lieutenant Colonel J. N. Brett, commanding the cavalry patrols in Yellowstone National Park, received a long-distance report late yesterday that his troops and scouts have struck the trail of the two masked bandits that Wednesday held up and robbed 165 tourists in the park of approximately \$5000. The trail was found leading toward the Idaho line and south toward the Jackson Hole country in Wyoming. Every available cavalryman has been ordered to join the hunt.

DUBOIS HEIRS MENTIONED IN WILL

Their Stepmother Leaves the Bulk of \$150,000 to Her Relatives.

In a will drawn 24 hours before her death, which occurred last Saturday in Berkeley, Mrs. Alice M. DuBois, widow of the late Guy A. DuBois, former prominent citizen of this city, has left an estate valued at \$500,000, disposed of in the greater portion of which she had named her own relatives while her four step-children receive \$25,000 each and shares in property located in Shasta and San Diego counties.

Threatened litigation over the estate of Guy A. DuBois last January intimidated a legal battle in the management of his properties by his second wife following his death on November 11, 1913. Children by his first wife went into court and petitioned for her removal as executrix, claiming that she had withheld the bulk of the estate through fraud. The action was brought by Harry DuBois but the citation was dismissed on January 19, after all parties concerned had been summoned into court to explain the matter. It was stated at the time of the dismissal of the action that the heirs had patched up their grievances over the estate and that the disposition of the property would be made amicably.

CHILDREN'S LEGACIES.
The heirs of Guy A. DuBois, besides his widow, now deceased, are Mrs. Anna May McGow of Butte Creek, Mich.; A. Martin DuBois of Denver, Mrs. James V. Baxter of Sacramento and Harry G. DuBois. The family home was at 1919 Carlton street, Berkeley. The Shasta and San Diego properties were valued at

Bring Jewelry and Silver Service as Suffrage Offering

CHICAGO, July 31.—A big gold suggest and a larger chunk of silver repose today in the safe deposit vault here of the Equal Suffrage Association as a memorial of the self-sacrifice of the Chicago suffragists who yesterday threw their

the meeting grounds for the cause of the suffrage cause. The ceremony, heralded for several days, took place at suffrage headquarters. All day women came in bearing modern jewelry and heirlooms which they were willing to give up toward the \$50,000 fund United States suffragettes are pledged to raise.

One wealthy woman brought a heavy old-fashioned silver tea set in a basket. Many of the sacrifices consisted of old gold watches, chains and cuff buttons belonging to suffragists' husbands. The value of the gold and silver bricks was not estimated. They will be sent to the mint at Philadelphia for assay.

TWO HURT, MANY NEAR DEATH IN EARLY FIRE

Two men, one a fire fighter, were seriously injured, an entire block was menaced, and only prompt work by the Oakland fire department prevented serious damage, when three flats at 621, 623 and 625 Grove streets were gutted. The injured are:

LOUIS PILENDA, a waiter. Fell through a broken rail to the ground. Bruises, lacerations and possible in-

CHARLES CARAVANTA, a fireman. Badly cut by glass while breaking through a window.

The fire, which broke out this morning shortly after 1:30 o'clock, spread rapidly through the frame structures, and only desperate work by the fire department prevented serious damage to the neighborhood. Inmates of the menaced houses rushed out in their night clothes and for a time panic was imminent in the neighborhood.

STARTS IN BASEMENT.

The fire started in the basement of the house at 625 Grove street, and was discovered by passers-by, who turned in the first alarm. An investigation as to the cause is being made by the fire department.

The occupants, aroused by the crackling of the flames, made their way to the street through the smoke that filled rooms and corridors. Mrs.

M. Links, a widow, living in an upper flat, was aroused by the police and hurried to safety. The houses are owned by H. Davis.

As the flames spread adjoining houses caught fire, but the incipient flames were quickly extinguished by the firemen. Only the three flats suffered serious damage. The total loss is estimated at \$4000.

Wanda a waiter, was watching the

611 Grove street, and, leaning against the balustrade, was hurled downward into the court below when the rail gave way under his weight.

EMERGENCY AID.

He was rushed to the emergency hospital, where his wounds were treated. He fell about 20 feet. He suffered fractures of both wrists, injuries to both knees, lacerations of the scalp, bruises and probable internal injuries. He is reported in a serious condition.

Caravanta, the fireman, was hurt while breaking his way through a window. The jagged edges of glass inflicted several deep cuts on his wrist. He was also hurled to the emergency hospital, where Dr. E. E. Dowdle and Steward Davison treated him.

The police are conducting an investigation of the fire.

SISSON SAVED FROM FOREST FIRE

Fighters Are Exhausted in Preventing Flames From Reaching Town.

SISSON, July 31.—The 600 men who have saved this city from fire are completely exhausted and can do no more. They have cut a trench around the fire nine miles long but they have not strength to watch it and the lines must be manned by the 200 men whom Governor Johnson is sending here today. If they arrive in a short time, it is the general opinion that the forest fire, which have raged in this vicinity will be conquered.

With danger to the town of Sisson virtually removed, the great forest fire which for four days has been raging on its outskirts, has jumped the McClellan Railroad and, fanned by a steady south breeze, slowly is making its way toward Weed, the largest town in Siskiyou county. Already the fire front is beyond Upton and its box factories, and the people of Weed are as apprehensive as the inhabitants of Sisson have been since the breaking out of the fire.

Thirty hundred men, many of whom fighting were bivouacked in Sisson last night, sleeping outdoor fashion, wherever they can find room for their blankets. More men are needed badly. Weed, Dunsmuir, Yreka, Castella, Kennerly and McClellan have been ordered to send men to accept the 450 cents an hour offered by the government.

Supervisor Hammett, who leads the fire fighters, said yesterday that although the fire has been beaten back from Sisson, it is no more under control that it was three days ago. It has an easy way to Weed and Shasta valley. Yesterday for the first time the fire invaded the forest proper, its previous devastation having been confined to snow brush of no commercial value.

FIRE RAGES NEAR TACOMA. TACOMA, Wash., July 31.—It was reported last night that a timber fire at Joe's Bay near Tacoma was beyond control and that a number of homes in its path were doomed. The fire is traveling north toward Port Blakely, where it located one of the largest lumber mills in the world. Smoke from a half-dozen fires spread a haze over Tacoma yesterday.

FOREST RESERVE THREATENED. HOOD RIVER, Ore., July 31.—More than a hundred men are fighting a large forest fire that started late yesterday on the Neal Creek Canyon near the Hood sawmill. The fire has been kept from the national reserve, but a large body of privately owned timber is endangered.

Employees of the Oregon Lumber Company have been engaged in fighting a party have been fighting a fire in the timber lands south of Hood. The heaviest blanket of smoke seen here in three years is set over the valley last night.

MONTANA FIRE CONTROLLED. MISSOULA, Mont., July 31.—The forest fire situation in western Montana has materially improved, according to reports reaching District Forester Sisson here yesterday. The most serious fire, that in the Flathead reserve, was controlled. Four small fires are still burning, including a new one in the Lolo reserve which was quickly surrounded by 150 men from a nearby lumber camp.

PLAN NOVEL PROGRAM FOR GREAT COUNCIL

TRUCKEE, July 31.—Arrangements for the entertainment of the delegates to the meeting of the Great Council of Red Men and Powahontas, which convenes here the middle of August, are being made. It is expected that there will be a large number of delegates from the combined strength of the two lodges in attendance. The committees in charge of the celebration have made elaborate preparations for their entertainment.

A carnival company has been procured and a number of tents are being arranged. The following program of events will be carried out during the period, the Great Council is not in session: Tuesday evening dance, free to delegates; Wednesday, free trip to Lake Tahoe for delegates; Thursday, trout bake in the ice palace, free to delegates; Friday night, free moving pictures for delegates.

The trout bake is intended to be one of the most novel of its kind, because it will be the only one of its kind that can be held in California, outside of the mountains, torrid as the bake will take 1000 pounds of brook trout, to be caught by local fishermen in the Truckee river the day before the event takes place, and again because it will be held in the ice palace.

WILL DISPOSES OF DUBOIS FORTUNE

(Continued From Page 13)

\$5000, which, divided among the children of the foundryman, with the cash bequeathed by Alice M. DuBois, will give them about \$1500 each.

After their father's death the children claimed that their stepmother had caused to be transferred to her name on the books of the corporation 5000 shares of its capital stock. Mrs. DuBois claimed that the transfer was made some time prior to securing a note by her husband for \$30,000.

Etta C. Sowell, a sister of Mrs. DuBois, is named as executrix of the will. She is also given the residue of the estate. One-seventh of about \$50,000 due on notes of John B. Keating is bequeathed to each of her seven brothers and sisters. Mrs. Martha C. Seydel of 1221 Twenty-third street, Sacramento, is named as executrix of the will.

What disposition was made of the balance of the half million dollar fortune is not declared in the will, the probate of which concerns only \$150,000.

TEENIE JUNIOR BOYS CLUB TO GIVE FIRST DANCE. The Teenie Junior Boys' Club of Oakland and San Francisco will give its first dance tonight, at Scottish Rite Social Hall, in Sutter street, San Francisco. The money derived from the dance will be used to defray the expenses of the club's baseball team on a trip to Los Angeles.

George A. Hillback is president of the club, which is composed of delivery and local drug concern. The committee in charge of the dance tonight includes, Messrs. Hillback, chairman, S. W. Miller, H. E. Miller, C. E. Hatch, and Max Sobel.

FAMILY VACATION ENDS. Eugene H. Lewis and family of Claremont returned yesterday from a two months' sojourn at their country home near Los Gatos.

SHORTHAND FOR YOUNG WOMAN

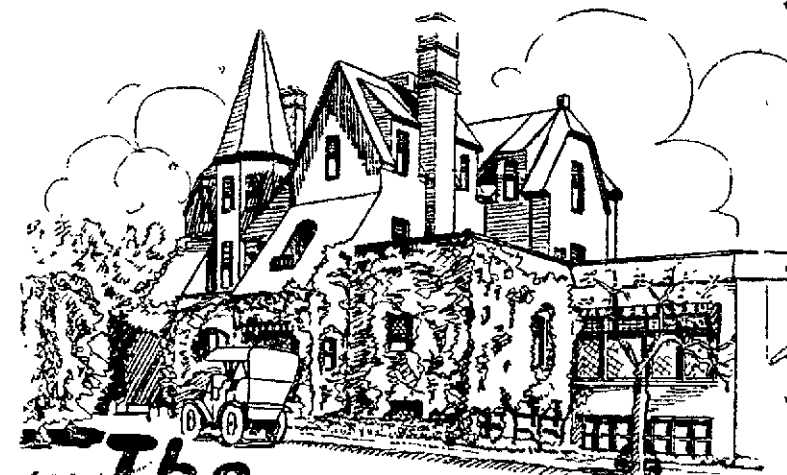

Unusual Opportunity Offered by the Ilsen Shorthand Institute.

A very attractive course in shorthand and typewriting is arranged for in the day classes of the Frederick Ilsen (Oakland) Shorthand Institute. These classes are exclusively for young women.

The highest development of these subjects is taught in small groups with straightforward, commonsense and simple methods that appeal to the mind and interest of the learner. The school, in its fourteen years of solid, substantial progress, has attracted the best class of young women who desire a wholesome, refined surrounding and the instruction of expert, helpful teachers who are personally interested in the progress of the student.

The standard Pitman and Gregg systems of shorthand, touch typewriting, and related business methods, are taught. The course is unusual efficiency as arranged by Mr. Ilsen personally. It is based on a business and office experience of many years and an exceptional training in the theory and practice of stenography that is attested by high-grade teaching certificates.

The school is located at 529 Twelfth street, elevator entrance Blake Block, 1121 Washington street.

CHICAGO BOARD OF TRADE STAYS OPEN

Refuses to Close Doors in the Face of Unprecedented Chances of Failures.

CHICAGO, July 31.—In the face of unprecedented war possibilities and notwithstanding chances of failures because of the difficulty of final settlements of July contracts, the Chicago Board of Trade today, through its officials, refused to close the doors of the exchange. No suspensions took place, one of the largest houses announcing that it would receive the transfer of any trades which could not otherwise be closed.

Wheat prices fluctuated in a lively manner during the opening hour, declining 6 1/2, but thereafter were compar-

tively steady, closing with losses of 5 1/2 to 6 1/2 cents net.

The fear that, because of the war, there would be a terrific squeeze today in the deliveries of July wheat, turned out to be misleading.

Wheat sold off sharply from the outset, starting 1 1/2 to 1 3/4 down, and continuing to fall until the decline reached 6 1/2, after which there were moderate rallies. The principal bearish influence was the action of exporters demanding spot cash before cargoes would be loaded for Europe, a course which was interpreted by many to mean that wheat would pile up in the United States.

Corn, like wheat, tended downward. Opening prices, which varied from 10 decline, to 1 1/2 advance, were followed by a general fall in some cases to 4c, but with some upturns later.

Oats held comparatively steady. For the most part declines did not exceed 1 1/2c.

Provisions were only traded in moderately, in sympathy with grain.

SUPERVISORS ASKED TO RAISE FUNDS FOR FAIR

The preliminary steps to raise \$1,000,000 for an Alameda county exhibit at the Panama-Pacific Exposition, were taken at a meeting of the board of directors of the chamber of commerce, this morning.

A resolution was adopted requesting the board of supervisors to appoint a committee of 25 citizens and taxpayers in the county to take charge of a campaign for the adoption by the voters on the proposition of an exhibit, which will permit this sum being raised by a bond issue.

The resolution will be presented to the supervisors Monday, and for an immediate campaign to raise the \$1,000,000 fund for the Alameda county exhibit.

LOCKS WIFE IN CELLAR WHILE HE ENTERTAINS

SAN FRANCISCO, July 31.—J. W. Combs, proprietor of the Lawrence Hotel, was made defendant in a suit for divorce begun today, by Mrs. Nellie Higgins Combs, in which she charges that her husband locked her in a dark basement, beneath the hotel and while she was there was entertaining women. She asks for a restraining order to keep him from disposing of the hotel property, pending the hearing of the case. The couple were married in Louisville in 1890.

An ounce of get-up-and-get is better than a pound of that tired feeling.

THREE-CENTURY BATTERS SAILOR PETROSKY WILL IN MAJOR LEAGUE NOT CONSISTENT BIG ODDS

Only Seven Have Topped That Mark for Five Seasons or Over.

NEW YORK, July 28.—It takes a mighty good batter to land in the 300 class in the major leagues these days of base hit poverty. So when a batsman can show five seasons or more where he has topped the 300 mark, he is a rare bird.

The number of players in this list is small—in fact, many fans will be surprised to learn that only seven men in the majors still participating in games who have such a record to their credit. The playing days of at least three of these men are rapidly closing away. Two of them are near the 40-year mark in age and cannot hold on a great deal longer. Yet in their work last season they were far from the least efficient. Little evidence of decline. Three of the stars are in the very heyday of their careers and are expected to continue to record more achievements in batting before they are lost to the big circles.

Honus was the first to reach the 300 mark in the 1890s. He topped the 300 mark in 1897, 1898, 1899, 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, later will preside as chairman. During the week-end, "Adventures of a political prisoner" will be the subject of a charge, and the lecture will be open to the public.

Yung had an interesting life though still only a young man. Formerly a student in mechanical engineering at Tsingtau University, he was arrested in China at the outbreak of the revolution and later was a member of Sun Yat Sen's cabinet.

Upon the fall of the Nationalist party from power and the accession of Yuan Shih-kai, Yung was arrested and in the general repression, supposedly out of reach of Chinese law, started an underground movement for the restoration of the republic. A few months later the papers had such an influence and its officials were so corrupt, that the government was forced to release him. He then returned to Shanghai, engaged an English lawyer and brought charges of seditious libel.

He was released in the mixed court of the British consulates by a judge representing the foreign governments and a Chinese magistrate.

Yung then returned to his native Kailuan. Convinced and sent to the prison, he remained there for six months and then gained his release.

He was released on Washington's fifth anniversary.

of the U.S. Navy. He went to Japan where he was captured and taken to the American POW camps. He was later released and returned to the U.S. He is now a member of the American Legion and is active in the organization. He is also a member of the American Legion and is active in the organization. He is also a member of the American Legion and is active in the organization.

Baby of Future is Considered

Much thought has been given in late years to the subject of maternity in the cities there are maternity hospitals equipped with modern methods. Dr. most women prefer their own homes a

In the towns and villages must provide and since this is true we know that the great ma

ten on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps "Mother's Friend" and the broad knowledge of them should have a helpful influence upon babies of the future.

In a little book for such women the points are more thoroughly brought out and a copy will be mailed to anyone who will send us their name and address. "Mother's Friend" is sold in all drug stores and highly recommended for its timely usefulness, its easiness and the real help it affords. Ask for it at store and write us for the book.
